

Soter

WARRANTY

Stainless Steel Soter® Safety System Supplied By QBM Distributors Ltd

System Installed:

Client/Building Owner:

System Installer:

QBM Distributors Ltd as a wholly owned subsidiary of **SFSintec** warrants, subject to the terms and conditions overleaf, the **SOTER**® fall protection system and attachment components supplied by ourselves will perform as stated in our design and calculations package. It complies with the recognised BS EN795: 2012 & TS16415 standards and providing that inspections and recertification at intervals of not greater than 12 months, it will remain fit for purpose for a period of 25 years, in that there will be no substantial failure in its performance. Failure in performance means a substantial breakdown of a system or component so that the overall structural or functional performance is substantially impaired.
